

STATEMENT BY [REDACTED]

Amsterdam, 22nd of June 2026

To Whomever it may concern,

I, [REDACTED] hereby voluntary state the following:

I met Anderson Carvalho at DOX in 2017 as part of DOX Club. We had many conversations with each other, and a recurring theme was Anderson's unhappiness of being at DOX as it was not the right environment for him. Anderson was a highly skilled and talented dancer at that time, and there was nothing DOX could offer him to further his career as a dancer. There were no technical classes, the works were mostly of a level way below Anderson's capabilities. He was wasting his time at DOX. It is for this reason that he left DOX in may 2018.

Soon after, Anderson commenced with his studies for Master in Choreography at Fontys/Codarts. I was a dancer in most of his study projects and continued to have a very good relationship with Anderson. I know therefore first hand that Anderson never wanted to go back to DOX, and has not done so till recent.

I am happy to provide a sworn testimony regarding the above statements if and when necessary.

Kind regards,

[REDACTED]
